About Me

Web Developer focused on building user-facing web interfaces using **HTML, CSS, JavaScript, and React**. Experienced in creating responsive layouts, styling components, and implementing UI behaviour across devices. Comfortable working with teams, fixing frontend bugs, and learning best practices in performance and accessibility.

Experience

Web Developer Intern

S Cube Ergonomics Private Limited : 2026, Bangalore

- Gaining decent knowledge in web development through working on live projects has provided me with valuable experience .
- And the opportunity to contribute to the development process, allowing me to assist my seniors effectively.

Personal Projects

React E-Commerce (E-Mart): ([Live Demo](#))

- Developed a **responsive e-commerce web application** using React and JavaScript with features like product listing and add-to-cart functionality.
- Built reusable UI components and improved user experience, then deployed the project online using Netlify.

Tech: React.js, JavaScript, HTML5/CSS3, React Router, Netlify

Netflix-Clone: ([Live Demo](#))

- Built a **Netflix-inspired interface** with sections like banners, movie rows, and navigation to recreate the feel of a streaming platform.
- Focused on **clean layout and responsiveness**, making sure the UI adapts smoothly across different screen sizes.

Tech: React.js, JavaScript (ES6), CSS3, Netlify

Technical Skills

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js

Frontend Concepts: Layouts & Styling, Responsive Design, UI Behaviour, Cross-Device Support, Reusable Components, Basic Accessibility

Other Skills: UI Bug Fixing, Performance Optimization, Usability Improvement, Debugging

Tools: Git (basic version control), GitHub, VS Code

Education / Certifications

B.Tech - Sri Indu Institute of Engineering and Technology (Graduation Year: 2025)

Certification : Java Training Certificate – Besant Technologies (Dec 2023)
